

**IMPORTANT INFORMATION.**

Dear Resident,

*Our Ref: 8904*

*Proposed Works: Wendlebury Road Slip Lane/Wendlebury Road/Langford Lane*

*Start date: 12/08/2024*

Harlaxton Engineering Services would like to inform you of upcoming infrastructure works to install a high voltage electric cable from the railway down Langford Lane to a large industrial unit on the opposite side of the A41. I have attached a copy of our route below. The areas we believe to affect the village most will be on the A41 slip lane and Wendlebury Road, we are set to complete the works in these 2 areas by 06/09/24. Langford Lane is scheduled to be completed on 11/10/24, however this is highly dependent on ground conditions being favourable. Harlaxton will make all efforts to minimise disruptions to yourselves, whilst accelerating the programme as much as possible.

Unfortunately, due to the nature of the works inevitably there will be some noise pollution which we will keep to a minimum where possible.

On the basis of this I would like to apologise in advance for any inconvenience caused during these works and assure you we will endeavour to complete in a timely manner.

Should you have any immediate concerns or questions please speak to the following contacts:

1. Project Manager- Jack Zeimer 07597 018146
2. Senior Project Manager- Will Hibbert 07912 786214
3. Project Co-ordinator- Melissa Clarke 07918 158696
4. Office Contact Number- 0844 335 8897

In the event of traffic light failure please contact Chevron Traffic Management- +44 1652 656 291

Yours Sincerely

*Jack Zeimer*

Industrial & Commercial Major Works Project Manager.

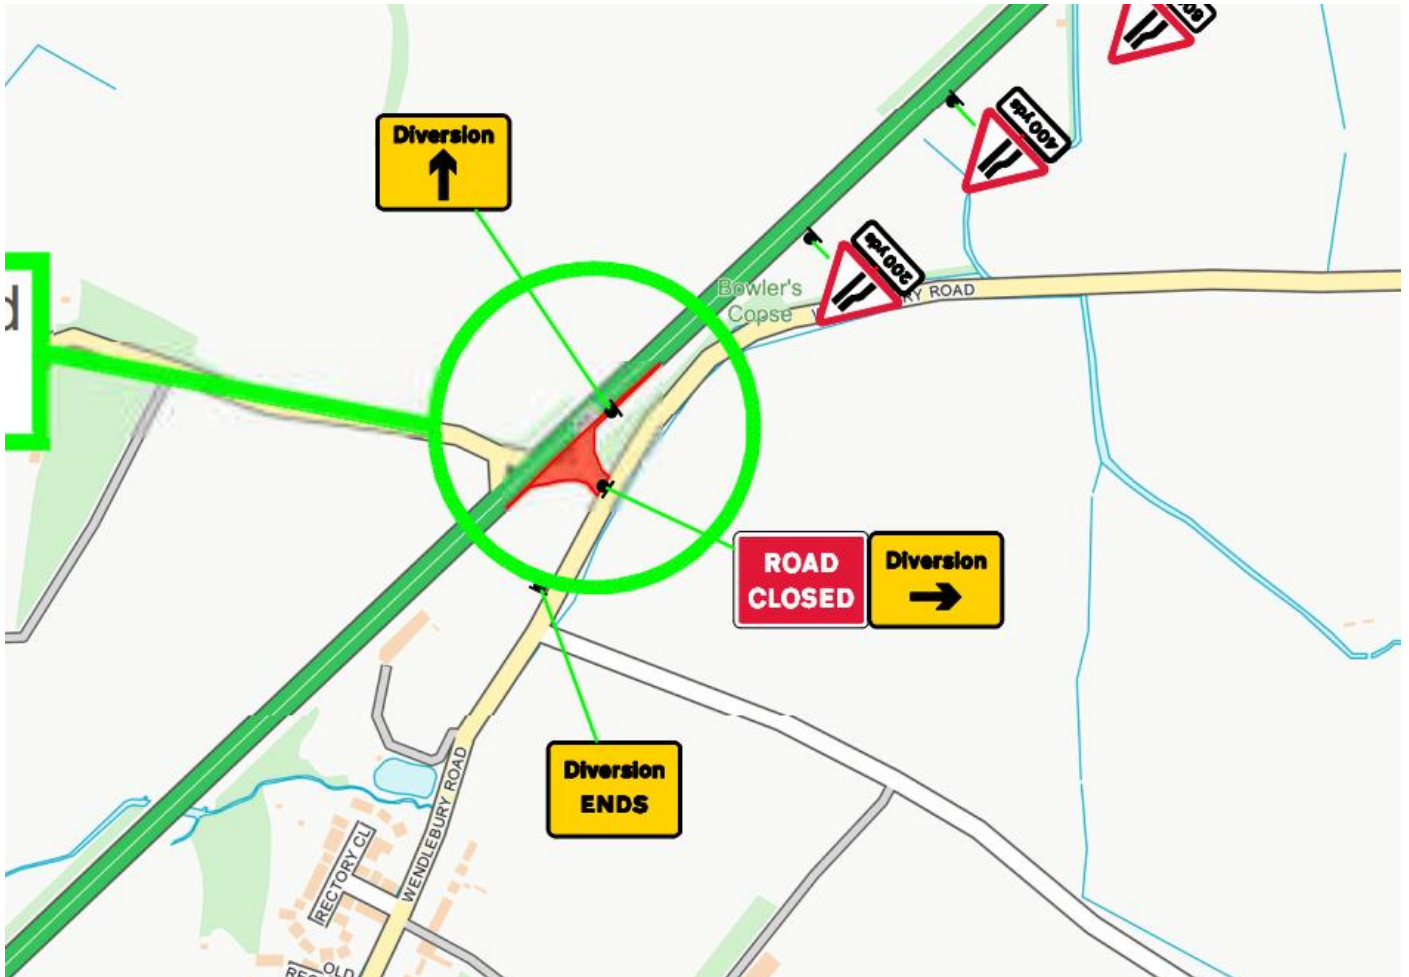

Dates of areas effected

1. A41 Slip Lane

Dates of effect: 12/08/24 - 30/08/24

Traffic Management set up- Full slip lane closure with no access off of or onto A41. Diversion signs will be placed out directing highway users to most appropriate access to the A41

Scope of works: Directionally drill 4x electric ducts underneath the A41 to the opposite side of the carriageway

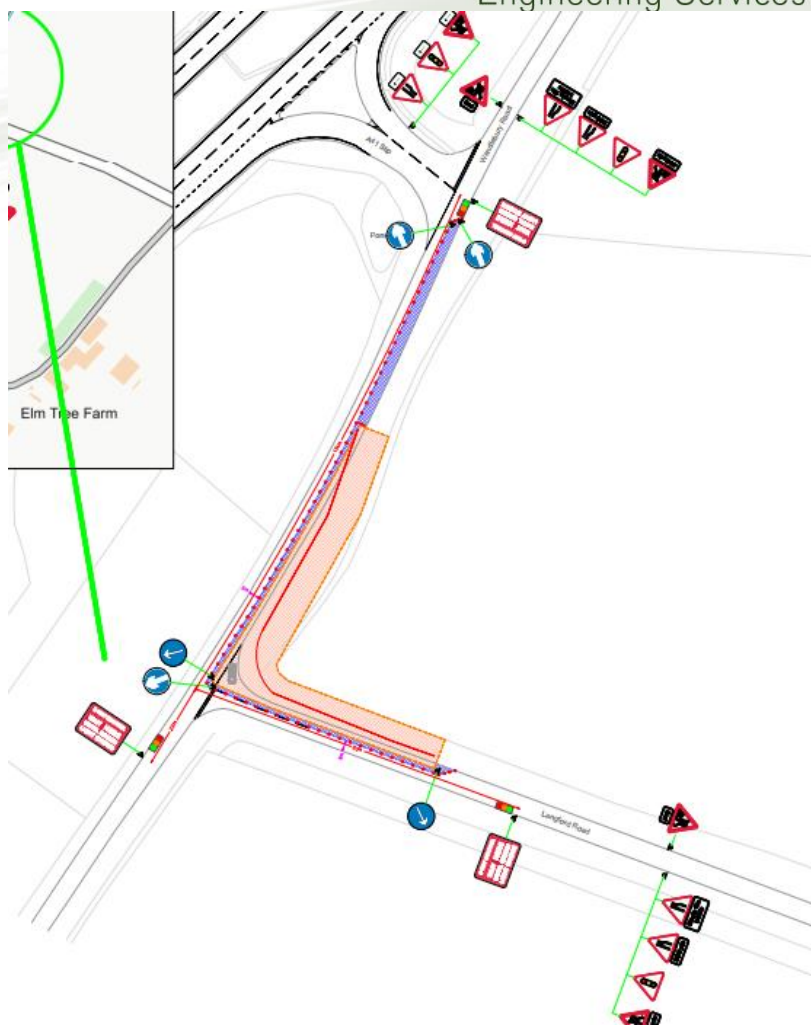

Set up 2
